The Australasian College of Cosmetic Surgery

Raising Standards, Protecting Patients

ACCS Skin Technology Workshop
5-6 July – Double Bay NSW

The ACCS Workshop is an educational initiative of the Australasian College of Cosmetic Surgery designed for doctors working to enhance their skills in Cosmetic Medicine.

Day One

- **Skin Physiology**

Understanding the skin and its functions to enable you to recommend treatment and peel programs for the most effective results

- **Basic Ingredient Technology**

An overview of ingredients used in medical skincare to effect change

- **Skin Analysis – addressing common skin concerns**

Looking at common skin concerns eg pigmentation, sun damage and acne
Becoming familiar with the Woods lamp as an important analytical tool

- **Preparing skins for surgery**

Looking at Pre and Post Operative care solutions to enhance results and reduce downtime

Day Two

- **Understanding Peels**

Theory

Covering A to Z of medical peel treatments, including the latest non –traumatic approaches to treating common skin concerns
Safe protocols to improve all peel outcomes
Peel enhancements to improve the outcome of all peels
Peel layering and duos

- **Peels Hands On Practical Session**

Small breakout sessions. Everyone gets to give and receive an appropriate peel treatment

All Participants receive a Pre Peel and Post Peel Kit

Apart from being a training workshop open to all doctors who are interested in Cosmetic Medicine, this workshop is also part of the College's Diploma of Cosmetic Medicine. Please contact the ACCS for more information on the program.
