WELCOME

After the success of our Blepharoplasty 2014 and Rhinoplasty 2015 meetings, we are pleased to announce another feature to our triennial meeting agenda with the inaugural Face & Neck Symposium to be held in Sydney from Thursday 10 to Saturday 12 November.

Bringing together some of the world's most prominent facial reconstructive and aesthetic surgeons, the meeting will commence with a dissection workshop at Sydney Hospital followed by talks, panels and discussions at the Australian National Maritime Museum in Darling Harbour.

We have put together an informative, stimulating and creative program covering the many advancements and challenges in the field.

On behalf of the Australasian Academy of Facial Plastic Surgery, we welcome you and look forward to seeing you there!

Yours truly,

George Marcells & Peter Callan
Co-convenors
