

The Australasian College of Cosmetic Surgery

Raising Standards, Protecting Patients

ACCS Laser & Light Based Technology Workshop 25th February 2012 - Sydney

The ACCS Laser & Light Based Technology Workshop is an educational initiative of the Australasian College of Cosmetic Surgery addressing the fastest growing and most requested Laser & Light Based Technologies.

Join Dr Joseph Hkeik for a one day educational seminar on Non-Surgical Facial Rejuvenation with laser and light based systems. Dr Hkeik will share his comprehensive approach to non-surgical facial rejuvenation highlighting how you too can push the non-surgical envelope to make dramatic changes, quickly, easily, and safely in skin color, texture, firmness and shape.

This seminar is designed to further your clinical knowledge and increase your competitive edge with lasers and light. The morning will include presentations, video demonstrations and the opportunity for open discussion between attendees. Following lunch Dr Hkeik will expand upon the instructional session with live, hands on demonstrations featuring multiple modalities and treatments.

Objectives of the educational seminar:

- Fractional ablative technique advances using YSGG – 2790nm wavelength
- Scars – multiple modality treatments including Nd:YAG and YSGG – 2790nm wavelength
- Solutions to treat difficult vascular cases with Nd:YAG and light based system
- Zero downtime skin rejuvenation
- Advanced ablative & non-ablative solutions
- Laser physics and tissue interaction
- Correct equipment use – get the best out of it

Dr Joseph Hkeik

Dr Joseph Hkeik is a cosmetic physician with over ten years' experience. He is highly regarded for his expertise in delivering natural-looking results, drawing from his sense of artistic appreciation and commitment to patient care. One delighted client exclaimed, "I think you are the Michelangelo of this field".

Dr Hkeik developed the concept of the "Triangles of Beauty", a systematic way to communicate, plan, deliver and track results of patient's facial rejuvenation.
