

KOREAN COLLEGE OF COSMETIC SURGERY
5TH RHINOPLASTY ONE-ON-ONE HANDS-ON WORKSHOP

Korean College of Cosmetic Surgery would like to invite you to participate in a unique hands on live surgery workshop in

basic rhinoplasty – dorsal augmentation using silicone/gortex nasal implant.
21-22 November 2009 in Busan Korea

This is one of the first workshops in the world, where all participating candidates will be able to:

- Preoperatively assess the patient
- Perform a whole operation including local anaesthesia injection, incisions, dissection, pocket creation, customizing & shaping the silicone implant to fit the patient, and suturing

This two day workshop includes:

- Comprehensive lectures on various aspects of basic asian rhinoplasty
- Live surgical observation on dorsal augmentation rhinoplasty using silicone implant
- Actually perform dorsal augmentation rhinoplasty using either silicone or goretex implant under the supervision of well renowned Korean Cosmetic Surgeons and Fellows of Korean College of Cosmetic Surgery
- Patients are supplied by the KCCS

Surgical academic team are all Fellows of Korean College of Cosmetic Surgery and are:

- Prof Kyoung-Jin (SAFI) Kang,
- Dr Joon-Tae Ahn.
- Dr Brendon Moon-Sik Lee,
- Dr Mi-Ae Park, and
- Dr Jinsik Choi,

FEE

\$2500 USD

This fee is non refundable as the result of costs associated with finding the models (surgical candidates).

Maximum of 10 participants due to limitation in finding the surgical models.

FURTHER ENQUIRIE
